

Cornerstone Services - Part-Time 3PM–8PM Business Model

Work Schedule:

3PM – 8PM (5 hours per day)

5 days per week (25 hours/week)

REALISTIC CALL CAPACITY:

2–4 calls per shift depending on travel and demand.

SCENARIO 1 – Conservative (First 30–60 Days)

2 calls/day

\$90 average ticket

5 days/week

= \$900/week

= \$3,600/month

= \$43,200 annual pace

Estimated net after expenses & taxes: \$28k–\$32k

SCENARIO 2 – Stable Growth (Months 2–4)

3 calls/day

\$95 average ticket

5 days/week

= \$1,425/week

= \$5,700/month

= \$68,400 annual pace

Estimated net after expenses & taxes: \$42k–\$48k

SCENARIO 3 – Strong Performance

4 calls/day

\$100 average ticket

5 days/week

= \$2,000/week

= \$8,000/month

= \$96,000 annual pace

More realistic sustained outcome: \$60k–\$75k gross annually

EXPENSE ESTIMATES (Part-Time):

Fuel: \$500–\$800/month

Insurance: \$150–\$300/month

Maintenance Reserve: \$200/month

Estimated operating total: \$1,000–\$1,500/month

6-MONTH RAMP PLAN:

Month 1: 8–10 calls/week, build 10 reviews

Month 2: 12–15 calls/week, increase average ticket to \$95

Month 3: Add small upsell (battery installs)

Month 4–6: Push to 18–20 calls/week and increase pricing by \$5

KEY SUCCESS FACTORS:

Protect average ticket value

Use zone-based pricing

Avoid long-distance low-paying calls

Aggressively collect Google reviews
